

Housing Stabilization Services can help you in three ways:

As a housing transition services provider we help you plan for, find, and move into housing.

As housing sustaining services provider, we help you keep housing after move in.

As housing consultant, we help develop a person-centered plan if you don't have MA case management.

Note: Housing Stabilization Services do not pay for housing or goods.

Our Philosophy

We believe everyone deserves quality care and support adjusted to their own unique needs.

Our Values

Person-centeredness
Cultural Sensitivity
Accountability
Community Focused

Life enriching Housing Stabilization Services

About Us

Access housing resources is a service provider that offers community supports that help people plan for, find, move into and sustain housing.

Our mission is to form meaningful relationships in our communities and with our clients to facilitate access to client-centered services that promotes health, quality of life and independence.

Our vision is a community that thrives on relationships built on trust, respect, and dignity. We aim to facilitate building such relationships by respecting freedom of choice, promoting independence and providing our clients with the best possible resources to alleviate homelessness.
